EXECUTIVE OFFICE

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

*"To enrich lives through
effective and caring service"*

Mr. Michael Govan
Director and CEO
Los Angeles County Museum of Art
5905 Wilshire Boulevard
Los Angeles, California 90036

Dear Mr. Govan:

Thank you for a very informative update received at the Quality and Productivity Commission's Department Visit on April 8, 2021. Commissioners appreciated the virtual tour of the newly relocated Balch Art Research Library and the Art & Technology Lab, which the Commission partially funded through a Productivity Investment Fund grant.

Commissioners were pleased to hear of the Los Angeles County Museum of Art's (LACMA) reopening after a year of closure due to the COVID-19 pandemic. LACMA reopened its galleries to members on March 26 and to the general public on April 1, 2021 with six new exhibitions and two shows extended from 2020. During the closure, LACMA built LACMA @ Home, a resource for the community to meaningfully engage with art. LACMA offered virtual arts education to thousands of students learning remotely, along with dozens of talks, gallery tours, music and film events, and performances, all available for free online. More than 400,000 people have engaged with the museum through this platform.

Commissioners support the Museum's commitment to increasing diversity, equity and inclusion across its audience, programming, staffing, and leadership. LACMA creates programming that reflects diversity in all of its forms, engaging with audiences of all ethnicities and backgrounds, and developing ladders of opportunity for underrepresented populations to work in and shape the museum field. LACMA also continues to align the museum's work with the County's Advisory Committee for Cultural Equity and Inclusion and anti-racism policies.

Commissioners also commend your initiatives to improve productivity and efficiency throughout the Department, including in the following areas:

- Tracking Museum performance and audience engagement, which totaled more than nearly 630,000 people in 2020, to support efforts to broaden geographic access.

- Working with teachers from across the County and the Museum's team of teaching artists to create a suite of digital and virtual arts education resources that are free and accessible to any school, teacher, or homeschooling parent of K-12 students that provide continuity of creative instruction while complying with continued distance learning.
- Partnering with the Department of Mental Health on WeRise LA to commission artists to raise mental health awareness through powerful programming, live performances, immersive workshops, inspiring wellness events and a world-class art exhibition.

We look forward to working with you as you address challenges that may require other operational enhancements, including:

- Expanding partnerships to build new satellite museums in culturally under-resourced areas, including Compton, East Los Angeles, Lancaster, North Hollywood, Northridge, Van Nuys, Watts, Willowbrook, and even with the Riverside Art Museum.
- Partnering with Snap Inc. and local artists to create virtual augmented reality monuments that explore some of the histories of local communities.
- Continuing work on the David Geffen Galleries, scheduled to open in 2024, which coincides with the new Metro stop opening across the street from LACMA's entrance (2024), and following the opening of the neighboring Academy of Motion Picture Arts and Sciences Museum (2021).

Thank you for a productive meeting. We will continue to work closely with your Productivity Managers, Ann Rowland, Catherine Massey, and Daniel Johnson. Please contact Jackie Guevarra, Executive Director, at jguevarra@bos.lacounty.gov for additional information.

Sincerely,

JACKI BACHARACH
